

Nikon Environmental Activity Policy

Established April 1, 1992, revised September 1, 2017

In accordance with Nikon's corporate philosophy of "Trustworthiness and Creativity," we are committed to conducting all of our businesses based on the following policy goals for the purpose of passing on a healthy environment that serves as a base for a sustainable society to future generations.

* Nikon collectively means Nikon Corporation and the Nikon group companies. We recommend our affiliated companies to follow this or an equivalent policy.

● **Effective use of resources**

We will promote energy conservation as well as reduction, reuse, and recycling of resources including water and raw materials in order to reduce our environmental burdens such as greenhouse gases and waste.

● **Environmental considerations for products**

We will perform environmental and safety assessments, including those to conserve biodiversity, at every stage of planning, development and design in order to provide products that fully comply with our environmental protection aims and objectives.

● **Environmental considerations throughout product life cycles**

We will develop eco-friendly technologies and actively introduce materials and equipment at every stage of product life cycles (production, distribution, use, disposal, etc.) in order to minimize our environmental burdens.

● **Compliance with related laws and other requirements**

We will develop and follow rigorous code of standards, comply with all relevant environmental conservation treaties, international and regional laws and regulations as well as responding to requests from stakeholders.

● **Prevention of environmental pollution**

We will cautiously use chemical substances to minimize health, safety, and environmental risks and strive to prevent environmental pollution.

● **Collaboration with stakeholders**

We will participate in environmental protection programs, including addressing climate change issues and conserving biodiversity in cooperation with our stakeholders. We will also actively disclose and provide information to stakeholders and work together to reduce our environmental burdens.

Nikon Environmental Activity Policy

- **Education**

We will conduct ongoing education programs to raise environmental awareness of our employees and promote their involvement in environmental activities.

- **Continuous improvement**

To achieve the above goals, we will set environmental objectives and targets and strive to meet them and reduce our environmental burden through continuous improvement of our environmental management system and work efficiency.
