Transfer of Mark Roberts Motion Control Limited

March 26, 2026

TOKYO - Nikon Corporation (Nikon) announced that it has entered into a share purchase agreement with MRMC Bidco Limited, an entity established by Blandford Capital LLP, regarding Mark Roberts Motion Control Limited (MRMC), a Nikon Group company, as follows.

Background of the transfer

Since acquiring 100% of MRMC's shares in October 2016, Nikon has been developing business by utilizing MRMC's robotic motion control solution together with Nikon's imaging related technologies and its broad sales channels. This time, Nikon has reconsidered its business portfolio. As a result, Nikon has concluded that transferring all of its shares in MRMC to MRMC Bidco Limited is the most appropriate course of action, and has entered into this agreement.
