SAFETY DATA SHEET

Section 1: Identification

Product identifier used on the label:
- **Product name**: SILICONE IMMERSION OIL 30CC
- **Product code**: MXA22179 : 30cc

Other means of identification:
- No information

Recommended use of the chemical and restrictions on use:
- **Recommended use**: Oil for microscope, oil-immersion objective lenses
- **Restrictions on use**: No information

Name, address, and telephone number of the chemical manufacturer, importer, or other responsible party:
- **Name**: NIKON CORPORATION
- **Department in Charge**: Healthcare Business Unit
- **Address**: 471, Nagaodai-cho, Sakae-ku, Yokohama, Kanagawa 244-8533 Japan
- **Telephone number**: +81-45-853-8608
- **Fax number**: +81-45-853-8485
- **e-mail address**: Msqa.Manager@nikon.com

Emergency phone number
- +81-45-853-8608

Section 2: Hazard(s) identification

Classification of the chemical in accordance with paragraph (d) of §1910.1200:
- **Physical Hazards**: Not classified
- **Health Hazards**: Not classified
- **Environmental Hazards**: Not classified
- **Other Hazards**: No information

Signal word, hazard statement(s), symbol(s) and precautionary statement(s) in accordance with paragraph (f) of §1910.1200;
Symbol(s) Not applicable

Signal word Not applicable
Hazard Statement(s) Not applicable
Precautionary Statement(s) Not applicable

Description of any hazards not otherwise classified;
No information

Ingredient with unknown acute toxicity in the mixture
Not applicable

Section 3: Composition/information on ingredients

Section 4: First-aid measures

Necessary first-aid measures by relevant routes of exposure;

IF INHALED Remove victim to fresh air. If you feel unwell, get medical advice/attention immediately and at rest. If symptoms continue, call a doctor/physician.

IF ON SKIN Rinse with soap and water. If symptoms continue, call a doctor/physician.

IF IN EYES Immediately rinse cautiously with water for 15 - 20 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If symptoms continue, call a doctor/physician.

IF SWALLOWED Do not induce vomiting. Rinse mouth. Immediately get medical advice/attention.

Most important symptoms/effects, acute and delayed;
No information

Indication of immediate medical attention and special treatment needed, if necessary;
No information

Section 5: Fire-fighting measures

Suitable (and unsuitable) extinguishing media;

Suitable extinguishing media:
Use water mist, dry chemical powder, fire foam or carbon dioxide.

Unsuitable extinguishing media
Applying direct water may be dangerous because fire may expand to surroundings.
Specific hazards arising from the chemical;

In case of fire, toxic decomposition products (e.g. carbon oxide, silicon oxide or formaldehyde) may be generated.

Special protective equipment and precautions for fire-fighters;

Cut off any ignition sources and extinguish with an appropriate agent.
Cool the surrounding tank and the buildings with direct water jet to avoid risk of fire spreading.
Take action from windward.
Keep out except responsible personnel.
Move container to a safe area if it can be done without risk.

Section 6: Accidental release measures

Personal precautions, protective equipment, and emergency procedures;

Keep out except responsible personnel.
Wear suitable protective equipment described in Section 8: Exposure controls/personal protection.
Avoid release into the environment because product may cause local effects.

Methods and materials for containment and cleaning up;

Absorb with inert absorbent.
Stop leak if you can do it without risk.
In case of small amounts, wipe off spilled material with waste or wiping cloth and collect it in an adequate waste container.
If case of large amounts, prevent leakage and enclose by embankment.
Do not eat or drink near handling and storage locations.
ELIMINATE all ignition sources (no smoking, flares, sparks or flames in immediate area).
Prevent to flowing into drains, sewers, basements or closed areas.
Do not drain the waste water.

Section 7: Handling and storage

Precautions for safe handling

Protective measures:

Install appropriate equipment and wear suitable protective apparatus described in Section 8: Exposure controls/personal protection.
Handle the product in a well-ventilated area.
Keep away from heat/sparks/open flames/hot surfaces. No smoking.
Ground/bond container and receiving equipment.
Use explosion-proof electrical/ventilating/lighting equipment.
Use only non-sparking tools.
Take precautionary measures against static discharge.
Do not eat, drink or smoke when using this product.
Wash contaminated clothing before reuse.

Advice on general occupational hygiene:

Wash hands thoroughly after handling.
Conditions for safe storage, including any incompatibilities

Technical measures:
In the storage area, install adequate light and ventilation systems to handle hazardous materials. Take precautionary measures against static discharge.

Incompatible materials:
Water, alcohol, acid, alkali, strong oxidizing agents, catalytic metal, metal compound

Conditions for safe storage:
Avoid sunlight. Store in a cool place.
Avoid high-temperature materials.

Packing material:
Use a sealed container without damage or leakage.

Section 8: Exposure controls/personal protection

Occupational Exposure Limits;

<table>
<thead>
<tr>
<th></th>
<th>OSHA PEL</th>
<th>ACGIH TLV</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Not applicable</td>
<td>Not applicable</td>
</tr>
</tbody>
</table>

Appropriate engineering controls;
Shower and eye washer should be available in the work area.
Under high temperature or in case of mist generation, use ventilation.

Individual protection measures, such as personal protective equipment;

<table>
<thead>
<tr>
<th>Protection</th>
<th>Measures</th>
</tr>
</thead>
<tbody>
<tr>
<td>Respiratory protection</td>
<td>Wear appropriate protective mask or air aspirator as required.</td>
</tr>
<tr>
<td>Hand protection</td>
<td>If hand contact is possible, wear protective gloves.</td>
</tr>
<tr>
<td>Eye protection</td>
<td>Wear safety glasses or goggles if necessary.</td>
</tr>
<tr>
<td>Skin and body protection</td>
<td>Wear protective clothing and apron if necessary.</td>
</tr>
</tbody>
</table>

</tbody>
</table>
Section 10: Stability and reactivity

Reactivity
Stable under normal handling condition.

Chemical stability
Stable under normal handling condition.

Possibility of hazardous reactions
May react with strong oxidizing agents. In case of heating above 150°C, may generate vapour of formaldehyde. React with water, alcohol, acid, alkali, strong oxidizing agents, catalytic metal or metal compound and generate hydrogen gas.

Conditions to avoid
Avoid sunlight. Store in a cool place.

Incompatible materials
Water, alcohol, acid, alkali, strong oxidizing agents, catalytic metal, metal compound

Hazardous decomposition products
In case of fire, toxic decomposition products (e.g. carbon oxide, silicon oxide or formaldehyde) may be generated.

Section 11: Toxicological information

Symptoms related to the physical, chemical and toxicological characteristics;
Information on product:
No information

Information on ingredients:
Silicone
Acute toxicity (oral): Rat LD_{50} > 15,400 mg/kg
Acute toxicity (dermal): Rabbit LD_{50} > 2,000 mg/kg
Modified polysiloxane

Acute toxicity (oral): Rat LD$_{50}$ > 2,000 mg/kg
Serious eye damage/irritation: Slightly irritating

Delayed and immediate effects and also chronic effects from short- and long-term exposure;
No information

Numerical measures of toxicity (such as acute toxicity estimates);
Not applicable

Whether the chemical is listed in the NTP Report on Carcinogens or has been found to be a potential
carcinogen in the IARC Monographs, or by OSHA;
IARC: Not listed as Group1, Group2A or Group 2B
NTP Report: Not listed
OSHA: Not listed

Section 12: Ecological information

Ecotoxicity:
Information on product: No information

Information on ingredients:
Modified polysiloxane
Aquatic acute toxicity: Fish (Oncorhynchus mykiss) 96hr LL$_{50}$ > 1,000 mg/L
Aquatic chronic toxicity: No information

Persistence and degradability:
Information on product: No information

Information on ingredients: No information

Bioaccumulative potential:
Information on product: No information

Information on ingredients: No information

Mobility in soil:
Information on product: No information

Information on ingredients: No information

Other adverse effects:
No information
Section 13: Disposal considerations

Waste treatment methods

Dispose of waste in accordance with applicable local, regional and international regulations and standards.

When disposing, consult to a certificated waste trader or local offices if they deal with the waste.

Used container should be recycled after cleaning or dispose of in compliance with related laws and local regulations.

Contents should be removed completely when dispose of empty containers.

Section 14: Transport information

UN number Not applicable
UN proper shipping name Not applicable
Transport hazard class(es) Not applicable
Packing group Not applicable
Environmental hazards Not applicable

Transport in bulk according to Annex II of MARPOL 73/78 and IBC code Not applicable

Special precautions for user

When transporting, avoid direct sunlight. Confirm no leakage to containers. When loading, prevent containers from falling, dropping off or damaging. Take preventive measures of collapse.

Section 15: Regulatory information

OSHA: Not hazardous chemical
TSCA inventory: Siloxanes is listed on the TSCA Inventory.
TSCA SNUR: Not listed
SARA Title III: Section 302 (Extremely Hazardous Substances): Not listed
Section 304 (Hazardous Substances): Not listed
Section 313 (TRI Chemicals): Not listed

Clean Air Act: This product does not contain any substances regulated as hazardous air pollutants under Section 112 of the Clean Air Act.

Clean Water Act: This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act.

Section 16: Other information, including date of preparation or last revision

Update history:

Date of issue: 14th , SEPTEMBER 2017

[Disclaimer]
This SDS has been prepared based on the best available information however, it may not be sufficient in some cases. It is user’s responsibility to modify or update any contents in this SDS regarding information on hazardous properties and/or instruction for safe handling of the product when they become available. Precautionary measures in this SDS are only applicable for normal handling conditions and it is necessary to take appropriate additional measures to ensure safe handling which depend on your specific use conditions or situations.
